

We're so excited about our **Royal Adventures** program for the summer of 2016! This high energy, fun-filled summer will be led by our own highly-qualified teachers and staff.

Students will be grouped by grade level (completed K/1, completed 2/3 grade, completed 4-5 grade).

Students will participate in project-based, hands on, educational enrichment activities that coincide with the weekly themed subject areas, as well as crafts, games, and sports.

Royal Adventures is set to provide an unforgettable summer for your kids!
